If Labdoo reviser visit your project and discovered donated items are missing, your school / project will be excluded from Labdoo support and CANNOT receive any further donation.
  
- (2) In the case that an incidence occurs to any of the received items, you will contact the Labdoo team at [contact@labdoo.org](mailto:contact@labdoo.org), including in your email the tagging number of the item(s) related to the incidence and a brief explanation. The following incidences must always be reported:

  - (4.1) The donated items cannot be resold to make money or exchange with other valuable items.
  - (4.2) If discovered donated items are missing, your school / project will be excluded from Labdoo support and CANNOT receive any further donation.
  
- (5) By returning this form filled in, the solicitor confirms owning all rights on sent materials (current or in the future) submitted to [Labdoo.org](http://Labdoo.org) and allowing such content to be publicly available from [Labdoo.org](http://Labdoo.org). In addition, the solicitor confirms having approval for taking pictures of the children and/or any person benefiting from Labdoo laptops, tablets or any Labdoo donations, from their parents and/or legal guardians. [Labdoo.org](http://Labdoo.org) explicitly points to the fact that sent materials and pictures/photos may be used online and/or offline, and hence that they can be accessed by third parties, and that such pictures are used to help preserve the transparency and accountability of the projects.

## Edoovillage Requirements to Receive Dootronics

---

To receive dootronics, a potential edoovillage needs to satisfy the following main requirements:

1. Since Labdoo focuses on 'spreading education', an edoovillage must basically be a school or an educational center. In some occasions we can make exceptions and provide laptops to other organizations like hospitals or clinics, but most of the accepted edoovillages are actually schools.
2. Edoovillages are asked to find travelers (dootrippers) willing to travel from any of the hubs to their location. This requirement is important to ensure the project is logistically viable. Labdoo is sending laptops to a very large number of schools, so having the schools themselves find the travelers helps speed up the implementation of the project and makes it feasible and sustainable. While Labdoo can also help find travelers, it is generally required that the school provides the first travelers on their own.
3. The school must be capable of keeping laptops in a secure place to ensure they won't be damaged by harsh climate conditions (rain, dust, heat, ...) nor stolen.
4. Once accepted, schools need to fill in the **edoovillage request form** and **provide pictures of the school** and the **official school / NGO certificate** in order to initiate the project.
